SuperWowPumps

Excellent Flow Performance

This unique pump series offers excellent flow performance for large whirlpool applications and spas with multiple features and jets.

Therapy And Filtration In One

The 2-speed pumps can be used for therapy at high speed and filtration at low speed.

Drain Connections

The pumps are supplied with center suction and 2 drain connections to ensure total drainage upon mounting angle.

Approvals

The Super Wow pumps are TÜV approved according to European norms EN60335-1 and EN60335-2-41.
